SORES-ULCERS THE BLOOD DISEASED

When a Sore or Ulcer is slow in healing it is the best evidence of a diseased condition of the blood and a disordered system. They show that the bodily impurities, which should pass off through the natural channels of nature, are being retained in the system from some cause.

I have not words strong enough to praise your great medicine. I had a sore on my left temple for years. It would not get it to heal. After taking S. S. S. it not only began to discharge, and when the poisonous matter was out it healed. This was about ten years ago and I have never seen any more of it since.
